

## MEMORANDUM - # M-04-2013

**TO:** WIB Board Chairs  
WIB Staff

**FROM:** Deidre Myers, Deputy Director  
Economic and Workforce Policy

**DATE:** June 28, 2013

**SUBJECT:** Eligible Training Provider Performance

**PURPOSE:** To transmit Training and Employment Guidance Letter (TEGL) 27-12, discontinuing previously approved waivers of 20 CFR 665.200(b) (3) that exempted states from the requirement to disseminate training provider performance and cost information.

**MESSAGE:** As a result of a waiver approved by USDOL, Employment and Training Administration, (ETA), Memorandum #M-09-2009 was issued by OESC on August 12, 2009 stating that performance reporting was no longer required to approve a subsequent program on the Oklahoma Eligible Training Provider List.

TEGL 27-12 issued May 10, 2013 states the following:

“In weighing the relatively low costs associated with dissemination against the benefit of sharing training provider information with customers, ETA has decided to discontinue approval of this waiver in PY 2013. This waiver will remain in effect until June 30, 2013 for states that are currently granted approval.”

**NOTE:** This issuance does not change or replace any previous guidance related to the Eligible Training Provider OETI #04-2005, which is currently up for review and updating. Please review that policy for specific details on the collection of performance data.

**ACTION REQUIRED:** Effective July 1, 2013, Local Boards shall begin to collect performance and cost data as prescribed in OETI #04-2005, and be prepared to have performance and cost data from PY2013 entered into the OSL/ETP system by June 30, 2014.

Please share this notice with appropriate staff.

**RECISSIONS:** This Memorandum rescinds Memorandum #M-09-2009, “Eligible Training Provider List”, dated August 12, 2008.
